#### 1 SEC. 2. FINDINGS.

- 2 Congress finds the following:
  - (1) The use of Federal lands by grazing permittees and lessees for commercial livestock grazing is increasingly difficult due to growing conflicts with other legitimate multiple uses of the lands, such as environmental protection and burgeoning recreational use, and with congressionally mandated goals of wildlife and habitat protection and improved water quality and quantity.
    - (2) A combination of sustained drought, foreign competition, changing domestic markets, industry restructuring, and individual ranch finances has resulted in Federal grazing permits and leases becoming stranded investments for many permittees and lessees.
    - (3) Attempts to resolve grazing conflicts with other multiple uses often require extensive range developments, intensive herd management, and continuous monitoring that greatly increases costs to both permittees and lessees and taxpayers, far out of proportion to the benefit received.

1	(4) Certain grazing allotments on Federal lands
2	have, or are likely to become, unsuitable for commer-
3	cial livestock production as a result of the combined
4	effect of the factors referred to in paragraphs (1)
5	through (3) and other factors.
6	(5) The cost of the Federal grazing program
7	greatly exceeds revenues to the Federal treasury
8	from grazing receipts.
9	(6) Many permittees and lessees have indicated
10	their willingness to end their commercial livestock
11	grazing on Federal lands in exchange for compensa-
12	tion to reasonably compensate them for the effort
13	and investment that they have made in a grazing al-
14	lotment.
15	(7) Compensating permittees and lessees who
16	relinquish their grazing permit or lease would help
17	recapitalize an ailing sector of rural America by pro-
18	viding economic options to permittees and lessees
19	that do not presently exist by allowing them to re-
20	structure their ranch operations, start new busi-
21	nesses, or retire with security.
22	(8) Paying reasonable compensation for the re-
23	linquishment of a grazing permit or lease will help
24	alleviate the need for permittees and lessees to sell
25	or subdivide their private lands.

### 1 SEC. 3. DEFINITIONS.

2	In this Act:
3	(1) Animal unit month.—The term "animal
4	unit month" means the amount of forage needed to

15	ing permit or lease that is not waived, the Secretary
16	shall reduce the level of commercial livestock grazing
17	on the grazing allotment to reflect the waiver.
18	(2) AUTHORIZED LEVEL.—To ensure that there
19	is a permanent reduction in the level of livestock
20	grazing on the land covered by the grazing permit
21	or lease waived under subsection (a), the Secretary
22	shall not allow grazing to exceed the level established
23	under paragraph (1).
24	(c) Limitation.—The Secretaries shall accept not

- 4 LEASE.
- 5 (a) Effect on Range Developments.—A per-
- 6 mittee or lessee who waives a grazing permit or lease to
- 7 the Secretary under section 4 shall be deemed to have

- 10 sion of law.
- 11 (b) Securing Retired Allotments Against Un-
- 12 AUTHORIZED USE.—The Secretary shall ensure that graz-

- 15 livestock.
- 16 (c) Relation to Other Authority.—Nothing in

- 19 in accordance with other law.
